## IBM Cloud Account Creation

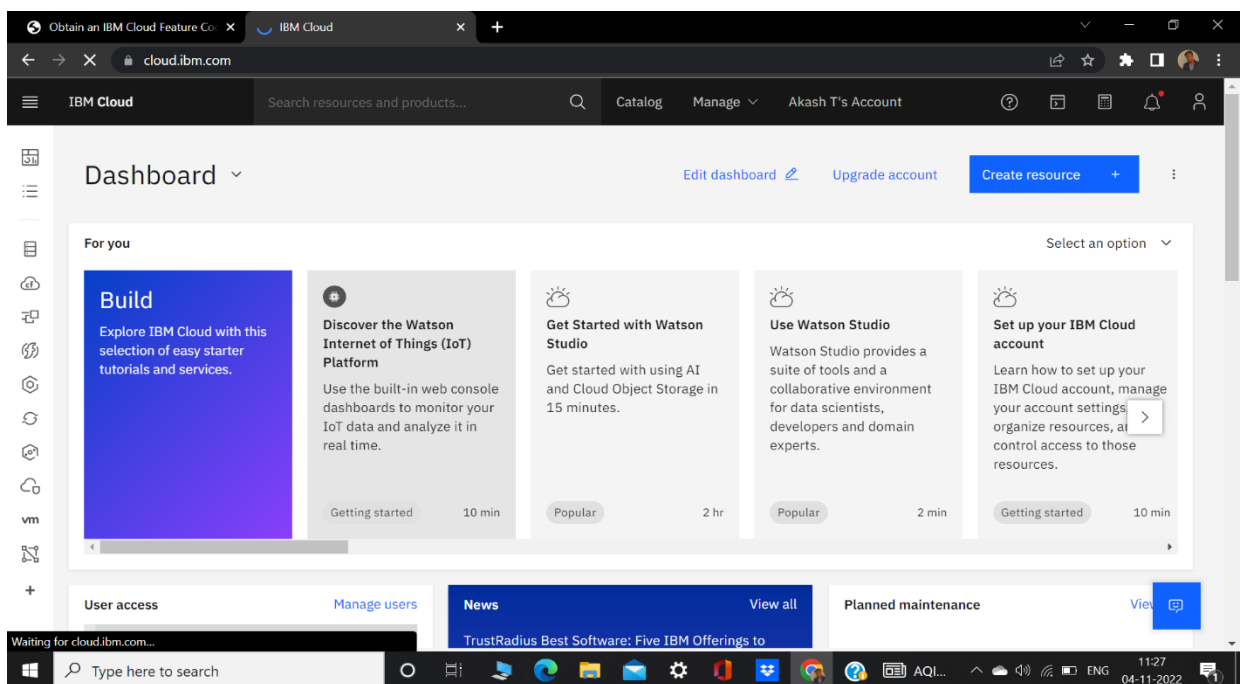

### Team Member 1

The screenshot displays the IBM Cloud dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user's account 'Bavadharani K's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with several recommended actions: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Create a custom dashboard' (Create a shareable dashboard that you can customize with widgets, scope, and your own layout), 'Explore IBM Cloud Shell' (Try a command-driven approach for creating, developing, and deploying a web project), 'Visit the IBM Cloud catalog' (Explore our unique product catalog that contains 190+ services and software for your business solutions), 'Monitor your resources' (Get visibility into the performance and health of your resources), and 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes). Below this, there are sections for 'News' (TrustRadius Best Software: Five IBM Offerings to Make the List, Announcing IBM Cloud Pak for Network Automation Version 2.4), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'. The bottom of the screen shows the Windows taskbar with the search bar, task icons, and system tray information including temperature (27°C), weather (Cloudy), and time (09:29, 04-11-2022).
